**GOOD MORNING AMERICA AND TRAVEL + LEISURE ANNOUNCE  
MAYFLOWER INN & SPA AS #1 SPA IN U.S.**

“Good Morning America” teamed with *Travel + Leisure* Magazine on July 20, 2006 to announce that Mayflower Spa is the #1 spa in the United States.

“Good Morning America” highlighted the spa’s indoor and outdoor activities such as mountain biking, archery, Pumped up Playground (a favorite cardio workout), aqua pilates, massages, therapeutic baths and reviving rituals.

The Mayflower Spa is a luxurious world of physical, emotional and spiritual comfort. The uniquely personalized three, four or five-night destination spa is experienced in the luminous 20,000 sq. ft. Spa House, where no more than 28 guests can savor an intimate and relaxed atmosphere. Guests create their own experiences based on their goals by working with a personal spa advisor prior to arriving at the spa.
